**M. Evelyn McNeill : Neuroanatomy Primer 1st (first) edition Text Only** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Neuroanatomy Primer 1st (first) edition Text Only:

1 of 1 people found the following review helpful. Awesome for any anatomy buffBy eking1989I really have enjoyed this book so far. I got it for my neuroanatomy class and was absolutely ecstatic when I got it and there were colored pencils with it! The diagrams are very nice and they vary the types of diagrams (ones for coloring and others that are just informational). I like this because then I never get bored. I highly recommend this book!0 of 0 people found the following review helpful. Five StarsBy Heather Hallnice product.0 of 0 people found the following review helpful. Five StarsBy Rena D.Very helpful for neuroanatomy!
