Paul Insel, Don Ross, Kimberley McMahon, Melissa Bernstein : Nutrition before purchasing it in order to gage whether or not it would be worth my time, and all praised Nutrition:

2 of 2 people found the following review helpful. I wanted a hard copy-I'm happy! Easy reading By CustomerI'm currently studying up for a Fitness Nutrition Specialist Certification through NASM, and this is the book they gave me as an Ebook. I wanted a hard copy-I'm happy! Easy reading 0 of 0 people found the following review helpful. Five StarsBy wafaa salajeA must have for nutrition students!0 of 0 people found the following review helpful. Five StarsBy Monica DobbsThe best book ever

5 Stars! Doody's Review Service Nutrition, Fourth Edition is an accessible introduction to nutritional concepts, guidelines, and functions. It brings scientifically based, accurate information to students about topics and issues that concern thema balanced diet, weight management, and moreand encourages them to think about the material theyre reading and how it relates to their own lives. Covering important biological and physiological phenomena, including

glucose regulation, digestion and absorption, and fetal development - as well as familiar topics such as nutritional supplements and exercise - Nutrition, Fourth Edition provides a balanced presentation of behavioral change and the science of nutrition.
