Barry K. B. Berkovitz, G. R. Holland, Bernard J. Moxham : Oral Anatomy, Histology and Embryology before purchasing it in order to gage whether or not it would be worth my time, and all praised Oral Anatomy, Histology and Embryology:

New edition of a now classic textbook covering oral anatomy, histology and embryology suitable for dental students and candidates for post-graduate dental examinations.

About the Author Dr Barry KB Berkovitz qualified in Dental Surgery at the Royal Dental Hospital in London in 1962. There soon followed three years of postgraduate research at Royal Holloway College London. Between 1966 and 2004 his time was equally divided between teaching Gross Anatomy and Dental Anatomy, first at the University of Bristol and later at King's College London. He is the author of numerous books and scientific papers, many related to comparative dental anatomy. His well-known textbook 'Oral Anatomy, Histology and Embryology ' by BKB

Berkovitz, GR Holland and BJ Moxham is now reaching its 5th edition, while his most recent popular science book is entitled 'Nothing but the Tooth'. B.J. Moxham BSc, BDS, PhD Professor of Anatomy, Cardiff School of Biosciences, Cardiff University, Cardiff, UK
