**From F.A. Davis Company : Patho Phlash!: Pathophysiology Flash Cards 1st Edition by Leek MSN RN CMSRN, Valerie I. (2011) Cards** before purchasing it in order to gage whether or not it would be worth my time, and all praised Patho Phlash!: Pathophysiology Flash Cards 1st Edition by Leek MSN RN CMSRN, Valerie I. (2011) Cards:

4 of 4 people found the following review helpful. Awesome for studying!!By TinaAwesome to study for disease process, is concise, straight to the basic of what you need to know. I recommend this for those who are starting their nursing program.1 of 1 people found the following review helpful. Helpful and worth it!By Jessica CurrierBought product for Nursing school. Very handy. Easy to use and full of information. Information is broken down into systems for easier studying. LOVE THEM!!!!!! Helped with testing and easy memorization.2 of 2 people found the following review helpful. Good for review purposes.By DCatBought this for clinicals but was not able to use it very much. The information provided is simple and concise but it can serve as a good refresher without going through a thick med-surg book. It will not be useful for comprehensive study but only for review. Has a few tricks for recalling concepts which

may be handy for NCLEX.
