Prepare for licensing exams offered by the American Board of Pathology and the Royal College of Physicians and Surgeons of Canada with the most comprehensive review guide on the market. Pathology Review contains more than 1200 original, color photographs and 1300 short answer and multiple choice questions, and its the only guide that features question formats found on Canadian exams. The 18 topics covered in this guide include basic science,

cardiovascular pathology, forensic pathology, infectious diseases, neurological and muscular pathology, and more. Questions are framed to rehearse case scenarios, differential diagnoses, diagnostic procedures, classification of tumors, hallmark features of pathological entities, and pathogenesis. You'll also find tips for maximizing your success both on the exam and in your practice.
