Lee-Ellen C. Copstead-Kirkhorn PhD RN, Jacquelyn L. Banasik PhD ARNP : Pathophysiology - Elsevier eBook on VitalSource (Retail Access Card), 4e before purchasing it in order to gage whether or not it would be worth my time, and all praised Pathophysiology - Elsevier eBook on VitalSource (Retail Access Card), 4e:

Highlighted Key Points focus you on the most important information. Key Terms bolded within the text help you identify and understand new and important terms. Key Questions for every chapter emphasize important concepts and develop critical thinking skills needed for practice. Additional content on the Companion CD and the companion Evolve website provide more opportunities for learning with case study worksheets, additional exercises, animations, and much more. Geriatric Considerations boxes discuss the age-related changes associated with each body system. Frontiers in Research essays introduce each unit with an informative commentary on the history of scientific investigation, the current understanding, and potential future breakthroughs. Revised content includes the most current information and research on RNA molecules in cell function, guidelines, heart failure, alzheimers, and more to keep you at the cutting-edge of pathophysiology. A new focus on general introductory principles and data measurement in clinical practice provides a solid beginning to pathophysiology study.

"With the easy to follow text and the vibrant presentation this pathophysiology text book is sure to inspire some. Add to this the online resources and the CD-ROM, such adjuncts may be the very thing that clinches the deal and parts you with your cash." *Journal of Orthopaedic Nursing*
