Lee-Ellen C. Copstead-Kirkhorn PhD RN, Jacquelyn L. Banasik PhD ARNP : Pathophysiology - Elsevier eBook on VitalSource (Retail Access Card), 5e before purchasing it in order to gauge whether or not it would be worth my time, and all praised Pathophysiology - Elsevier eBook on VitalSource (Retail Access Card), 5e:

900 full-color illustrations clarify complex pathophysiological concepts. Easy-to-read style includes many tables, boxes, and figures to highlight and simplify content. Key Questions at the beginning of each chapter highlight key objectives and help you develop and use critical thinking skills. Key Points boxes focus on the most important information. Geriatric Considerations boxes analyze the age-related changes associated with a specific body system. A chapter summary gives you a quick wrap-up of the key content in each chapter. NEW! Pediatric Considerations boxes with accompanying flow charts describe conditions and changes specific to young children. NEW! Updated content includes the latest information on new treatment advances, the relationship between stress and inflammation to cardiovascular disease, and much more throughout the text. NEW! Global Health Considerations tables include information on HIV/AIDS and depression/anxiety in women.

"With the easy to follow text and the vibrant presentation this pathophysiology text book is sure to inspire some. Add to this the online resources and the CD-ROM, such adjuncts may be the very thing that clinches the deal and parts you with your cash." *Journal of Orthopaedic Nursing*
