Juzar Ali, Warren Summer, Michael Levitzky : Pulmonary Pathophysiology (LANGE Physiology Series)
before purchasing it in order to gauge whether or not it would be worth my time, and all praised Pulmonary Pathophysiology (LANGE Physiology Series):

A system- and disease-based approach to the aspects of pulmonary pathophysiology, essential for an understanding of

clinical medicine. Bridging the gap between basic science and clinical medicine, this text provides students with a solid understanding of symptom identification and the underlying disease mechanism. Features clinical pearls, learning objectives, study questions, algorithms, and key concepts highlighting the presentation in each chapter.
