From Springer : Signal Transduction in the Cardiovascular System in Health and Disease (Advances in Biochemistry in Health and Disease) before purchasing it in order to gage whether or not it would be worth my

time, and all praised *Signal Transduction in the Cardiovascular System in Health and Disease* (*Advances in Biochemistry in Health and Disease*):

Signal Transduction in Cardiovascular System Health and Disease highlights the major contributions of different signaling systems in modulating normal cardiovascular functions and how a perturbation in these signaling events leads to abnormal cell functions and cardiovascular disorders. This title is volume 3 in the new Springer series, *Advances in Biochemistry in Health and Disease*.
