Inc. BarCharts : Skeletal System (Quickstudy: Academic) before purchasing it in order to gage whether or not it would be worth my time, and all praised Skeletal System (Quickstudy: Academic):

2 of 2 people found the following review helpful. Excellent Supplement/Reference For Work/SchoolBy Living In SoCalI am a huge fan of the BarCharts and have many. This one is nicely laminated, fits well in a binder or just by itself. They are great for a quick reference, supplementing your textbooks, or having in your workplace for a quick look. I do realize that in a world of Google some might think these obsolete. For me nothing can beat something tangible. I have not been disappointed with any of the BarCharts that I have purchased.1 of 1 people found the following review helpful. Great quick studyBy malyndasue83I would have given it 5 stars but I really wish it would have a section for learning foramen. Other than that I love this quick study guide and will use this for a long time!1 of 1 people found the following review helpful. Skeletal System chartBy Medicinal GardensReceived and have added to my chart library. Anytime I can pickup chart that names part and organs helps me visualize and learn.

From pre-teen to pre-med, this chart is loaded with beautifully illustrated diagrams, clearly and concisely labeled for easy identification. Illustrations by award-winning medical illustrator Vincent Perez. Chart includes detailed diagrams of: the skeleton the skull vertebral column bone structure scapula, front back elbow, front back hip, front back hand, front back knee, front back foot, top side
