**Henry Mintzberg, Bruce Ahlstrand, Joseph Lampel : Strategy Bites Back: It Is Far More, and Less, than You Ever Imagined (paperback)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Strategy Bites Back: It Is Far More, and Less, than You Ever Imagined (paperback):

1 of 1 people found the following review helpful. Thank you Mr. Mintzberg!By J. BramiA nice down to earth explanation on how strategy is used with concrete examples like in the freakonomics books.Further more this comes from a highly reputable author, from Mcgill, one of the best university in North America.It's a good book to keep on your shelf and brush up every now and then or leave in the car for those times when u drive and wait for your

misses:)0 of 0 people found the following review helpful. Humorous and Thought ProvokingBy Sarah L.It made me laugh, it made me think about things differently, it even inspired me to write an article. The authors look at strategy from a few different points of view in this entertaining book of bites and bytes.I recommend it to any student of strategy.0 of 0 people found the following review helpful. One StarBy Paul LohThis book is like a fairy tale story on a serious matter. Poorly written.

Strategy Bites Back is the antidote to conventional strategy books -- and conventional strategy formation. Edited by the legendary Henry Mintzberg, it contains contributions from everyone from Gary Hamel to Napoleon Bonaparte, Michael Porter to Hans Christian Andersen: essays, poems, case studies, cartoons, whatever it takes to 'free your mind' and unleash the crucial emotional side of strategy formation. Coverage includes: strategy and brinkmanship, culture, seduction; strategy lessons from your mother, from beehives, chess grandmasters, even the National Zoo. Along the way, Mintzberg and his colleagues take on the sacred cows and entrenched beliefs that keep strategists from recognizing their most powerful options. Strategy Bites Back doesn't just make strategy fun: it helps define strategies that offer huge upsides and real inspiration.

"Having previously read Strategy Safari by the same authos and enjoyed it for its clarity and common sense, I was keen to delve into this - their latest offering... The bytes are... short and punchy... Many are very funny, but all are thought provoking in their own way... it provides some insightful reflectons on the component parts of business strategy... a readable book that also made me laugh."
