**Frederic H. Martini, Edwin F. Bartholomew, Charles M. Seiger : Study Guide for Essentials of Anatomy Physiology** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Study Guide for Essentials of Anatomy Physiology:

1 of 2 people found the following review helpful. Earlier edition betterBy gail e smithThis edition is not as complete as earlier edition. The pages are not scored so they can not be removed to place in a loose leaf or handed in as part of a homework assignment.

The authors take students through the work needed for a one semester course on anatomy and physiology in a manner that is challenging. The students are encouraged to develop critical thinking, abstraction and concept integration.
