Roberta J. Emerson RN PhD CCRN, Lee-Ellen C. Copstead-Kirkhorn PhD RN, Jacquelyn L. Banasik PhD ARNP : Study Guide for Pathophysiology, 3e before purchasing it in order to gage whether or not it would be worth my time, and all praised Study Guide for Pathophysiology, 3e:

0 of 4 people found the following review helpful. Study Guide for PathophysiologyBy Sova NievI got the item in the condition that the seller promised and it arrived faster then I hope for.9 of 9 people found the following review helpful. Great ResourceBy Cheryl L. StellaGreat resource for the APN student! Well organized with pertinent information! Great resource to have along with the textbook that goes with this study guide.1 of 5 people found the following review helpful. like new with only a few marks. good enough for me.By Cara A. CallahanVery cheap in price and just as good as the expensive ones in the bookstore. Im glad i finally bought from on-line. It was worth it!

This comprehensive study guide contains all of the new and revised content from the text. It follows the format of the textbook and consists of questions from review of anatomy, normal anatomy and physiology, to pathophysiology. It also includes case studies with corresponding questions. The question formats consist of labeling, true/false matching, multiple choice, and comparison questions. All of the answers are provided in the back of the study guide.
