**Marjorie Kelly Cowan : The Microbe Files: Cases in Microbiology for the Undergraduate (without answers)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Microbe Files: Cases in Microbiology for the Undergraduate (without answers):

0 of 0 people found the following review helpful. Five StarsBy JenniferAs discribed0 of 0 people found the following

review helpful. Four StarsBy Jaime Bannistergood book0 of 0 people found the following review helpful. amazing bookBy labdogdrumneeded book for class detailed examples shows all the work and is great for doing homework and understanding the information recommended much cheaper to buy and sell books on verse book stores

The first of its kind, *The Microbe Files: Cases in Microbiology for the Undergraduate* , provides readers with a fascinating series of short cases that help readers apply what they have learned by placing them in real life situations that allied health professionals face every day. For college students instructors and students.
