There is no way to fix the posters. I bought this to hang in clinic exam rooms at my practice and this will not make the cut. These were a bit pricey, so to have one arrive damaged is not acceptable.0 of 0 people found the following review helpful. Chart "The Respiratory SystemBy Star WarriorGood Size for class room use. Used in a DUI class room setting as smoking, Marijuana, and Alcohol will cause lungs problems also. Part of Addiction. Very useful, and not to hard on the wallet.My boss liked it so much he took mine, and now I have to buy another one. Good, clear writing, and lettering.

Very useful. Has a coating on it for protection.0 of 0 people found the following review helpful. Five StarsBy Iwork4docsperfect for PT education in the office.

Illustrates the respiratory system from the frontal sinus to the diaphragm. Includes views of the paranasal sinuses, larynx, and bronchopulmonary segments. Also shows the structure of intrapulmonary airways and the cross section of alveolus. Discusses the conducting system, lungs and pleurae, ventilation and gas exchange.
