The Spine guide is one of BarCharts newest additions to the QuickStudy line of anatomy guides, posters, and flash cards. In our handy, fold-out format, you will find the anatomy of the human vertebral column and its supporting structures beautifully and intricately illustrated by accomplished anatomical artist Vincent Perez. Thorough coverage includes multiple views of the vertebral column, as well as muscles, joints, and nerves, with labels for reference. From teachers and students of anatomy, to medical professionals and therapists, this guide is perfect for your medical study

or practice. Its also a perfect and portable complement to our new poster, The Spine!
