From Nabu Press : The works of William Cullen ...: containing his physiology, nosology, and first lines of the practice of physic : with numerous extracts from his ... his treatise of the materia medica Volume 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised The works of William Cullen ...: containing his physiology, nosology, and first lines of the practice of physic : with numerous extracts from his ... his treatise of the materia medica Volume 2:

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

About the Author Edward M. Curtis (PhD, University of Pennsylvania) is Professor of Old Testament and Biblical Studies at Talbot School of Theology in La Mirada, California. He is the author of many articles and books, including "Transformed Thinking "and "Discovering the Way of Wisdom".
