Gale Sloan Thompson RN : Understanding Anatomy Physiology 2e: A Visual, Auditory, Interactive Approach before purchasing it in order to gauge whether or not it would be worth my time, and all praised Understanding Anatomy Physiology 2e: A Visual, Auditory, Interactive Approach:

0 of 0 people found the following review helpful. Great for the money.By CindySExcellent text and great illustrations.0 of 0 people found the following review helpful. Five StarsBy PhilBook was required reading for school.0 of 0 people found the following review helpful. Not in condition as describe.By Love HowellNot in condition as described.

How do you learn AP best? Whatever your learning styleby looking, listening, or doing, or a little bit of eachthe 2nd Edition of this innovative, multiplatform approach to anatomy physiology is designed just for you. Tackle a tough

subject in bite-sized pieces. A seeming huge volume of information is organized into manageable sections to make complex concepts easy to understand and remember. You begin with an overview of the body, including its chemical and cellular structures, then progress to one-of-a-kind portrayals of each body system, grouped by function. A wealth of full-color illustrations, figures, sidebars, helpful hints, and easy-to-read descriptions make information crystal clear. Each unique page spread provides an entire unit of understanding, breaking down complex concepts into easy-to-grasp sections. Click here for a preview of the text the accompanying resources. See. Listen. Do. Discover beyond the book with instructor and student resources online at DavisPlus, including your Davis Digital Version, full-color, narrated animations, interactive exercises, flash cards, and learning objectives/outcomes. Also available: Workbook to Accompany Understanding Anatomy Physiology, 2nd Edition The integration of graphics and text is very engaging for learners. Thompson silences the academic distractions found in traditional AP textbooks and emphasizes all the take away points in a concise and informative manner. The task of learning AP is now less threatening. Jason Johnson, Saskatchewan Institute of Applied Science and Technology My students absolutely love the Thompson AP book. It is concise and makes learning the material seem less daunting. It really hits all learning styles with the pictures, videos, text and workbook. I have seen a significant increase in student success since we implemented this book! Shayna Turner RN, MS, Isabella Graham Hart School of Practical Nursing "The numerous graphics are vivid and relevant allowing the student to focus on the concept rather than multiple paragraphs of reading. The Life Lesson inserts further engage the student by placing covered concepts into real-world situations. Understanding Anatomy Physiology is both instructor and student friendly." Nanette Mosser, RMA, BA-HCM, MedQuest College
