0 of 0 people found the following review helpful. This is a total waste! By Jie Kang The CD, which is really a key part of the book, is broken. This is a total waste!

The CD-ROM serves as an animated laboratory with interactive exercises that allow the student, either individually or as part of a small group, to conduct experiments and obtain valid physiological responses. The goal of the CD-ROM is to assist students in determining how to experimentally find an answer, analyze data, and form conclusions from

results. Includes 150 page booklet.
