Nath : Visual Essentials of Anatomy Physiology, Books a la Carte Plus MasteringAP with eText -- Access Card Package before purchasing it in order to gage whether or not it would be worth my time, and all praised Visual Essentials of Anatomy Physiology, Books a la Carte Plus MasteringAP with eText -- Access Card Package:

0 of 0 people found the following review helpful. Five StarsBy Diane F PechacekIT IS A TEXT BOOK FOR A COLLEGE COURSE.0 of 0 people found the following review helpful. Five StarsBy CustomerEverything was there like she said. Perfect. Thank you.1 of 1 people found the following review helpful. Cheaper than my school's bookstore!By AbatesThis is the same book I would get at my school's bookstore but cheaper. It comes with the

looseleaf textbook, cd, AND access code. Great deal.

Books a la Carte are unbound, three-hole-punch versions of the textbook. This lower cost option is easy to transport and comes with same access code or media that would be packaged with the bound book. Visual Essentials of Anatomy Physiology combines a visual approach with a modular organization to deliver an easy-to-use and time-efficient book that uniquely meets the needs of today's students--without sacrificing the coverage of AP topics required for careers in nursing and other allied health professions. This book is geared toward students enrolled in a one-semester AP course and comes with access to MasteringAP(R). This package contains: Books a la Carte for Visual Essentials of Anatomy Physiology Student Access Code Card for MasteringAP

About the Author Dr. Frederic (Ric) Martini received his Ph.D. from Cornell University in comparative and functional anatomy. His publications include journal articles, technical reports, magazine articles, and a book for naturalists about the biology and geology of tropical islands. He is the co-author of six other undergraduate texts on anatomy or anatomy physiology. He is currently on the faculty of the University of Hawaii and remains affiliated with the Shoals Marine Laboratory, a joint venture between Cornell University and the University of New Hampshire. Dr. Martini is a member of the Human Anatomy and Physiology Society, the American Physiological Society, and the American Association of Anatomists. He is also a member of the American Association for the Advancement of Science, the National Association of Biology Teachers, the Society for College Science Teachers, the Society for Integrative and Comparative Biology, the Western Society of Naturalists, and the International Society of Vertebrate Morphologists.
